

# Maryland Energy

ADMINISTRATION

*Powering Maryland's Future*

**For a limited time, save up to 50% on home energy efficiency improvements!**

## Home Performance Rebates

**Pay half price** for home energy efficiency improvements. By combining a 35% rebate (up to \$3,100 total) from the MEA with a 15% rebate from your utility, you can **save a total of 50%** on home improvements.

Not only can you save money now for home improvements, but energy efficiency upgrades can help you save money on energy bills for years to come.

Find more information by visiting [Energy.Maryland.gov](http://Energy.Maryland.gov) or [MDHomePerformance.org](http://MDHomePerformance.org).

## Home Energy Loan Program

**Need help financing?** In addition to Home Performance Rebates, MEA and the Maryland Clean Energy Center offer unsecured home energy improvement loans for up to \$20,000 at 6.99%.

Apply through the Maryland Clean Energy Center by visiting [MCECloans.com](http://MCECloans.com).

### Eligible Improvements for Rebates

1. Whole-House Air Sealing
2. Attic Insulation
3. Duct Sealing or Replacement
4. Wall Insulation
5. Insulation (Crawl Space or Basement)

### How to Apply for Rebates

1. Find a home energy contractor near you at [MDHomePerformance.org](http://MDHomePerformance.org)
2. Identify the best ways to save energy and money
3. Reserve your rebate at [Energy.Maryland.gov](http://Energy.Maryland.gov)
4. Act fast: Funds are limited!

# *Additional Incentives*

## *Utility Home Performance with ENERGY STAR Rebates*

Be sure to take advantage of all available rebates. As part of the EmPOWER Maryland program, you can also receive a rebate through your utility for an additional 15% for select home energy improvements.

For more information, contact your local utility.

## *Federal Tax Credits*

Federal tax credits for energy efficiency home improvements were extended into 2011, but with significant changes from the 2010 levels. If you did not receive a 2010 tax credit, you can still apply for a 10% rebate up to \$500.

To apply, visit [EnergyStar.gov](http://EnergyStar.gov) by April 2012.
